office110 architekti (2006)  
[www.office110.sk](http://www.office110.sk)

Peter Kopecký (\*1979)  
1998–2004 FA STU Bratislava  
Richard Kastel (\*1973)  
1992–1997 FA STU Bratislava  
Martin Hörmann (\*1978)  
1997–2004 FA STU Bratislava  
2001–2004 FA TU Wien

Office110 architekti sa vyznačujú bystrým úsudkom a prenikavou inteligenciou, sú nekonečne vynalezaví a spravia aj to, čo nechcete, dokážu byť aj sebakritickí, rodení estetiči, pohodlí na to, aby vysedávali v robe po večeroch, keď netreba, celkom dobrí v tom, čo mládokho zajíma, budú v kám ustretoví a slúšni, najmä ak im zaplatíte, nebudú sa s vami vykecávať cez mobil, páči sa im biela so žltozelenou, tvoria dobrý tím, budú dlhé hodiny sedieť nad hocijakou vrátokovinou, nenachytáte ich pri koncepcnej chybe, ale pri súčte plôch.

Office110 architects are distinguished by their discretion and bright intelligence, they are endlessly inventive and they can do anything you want, they are capable of self-criticism, born aesthetes, too self-indulgent to work nights unless it is necessary, quite good at those things only a few are interested in, they will be open to you and decent particularly if you pay them, they will not bother you with phone discussions, they like white and yellow-green colours, they are a good team, they will spend long hours over any nonsense, you will not nail them over a conceptual mistake but over a wrong sum for floor areas.
